THE UTILITY TRACTOR.
REDEFINED. RE-THOUGHT. RELENTLESS.

This is a game-changer. The 4700 Series is the biggest Massey Ferguson® R&D project ever. The goal was to create the most heavy-duty, versatile tractor in its class. So there’s more power for greater lift capacity, and pulling heavier implements. Yet it’s nimble enough to maneuver through any operation, making it ideal for hay, dairy, livestock and municipal duty. Come see the result.
