BRAINS AND BRAWN.

Take your power and productivity to the next level with Massey Ferguson® high horsepower tractors. Their boosted horsepower and advanced features help you tackle tough jobs with more muscle than ever before.

VISIT YOUR DEALER TO SAVE ON THE WORLD’S BEST-PERFORMING HIGH HORSEPOWER TRACTORS.
HUNGRY FOR WORK. NOT FUEL.

Everything you want in a row crop tractor is on our 7600 and 8600 Series. Like our Dyna-VT® stepless, clutchless CVT and SCR emissions system. Massey Ferguson created both technologies. And with them working with our DTM power management, you get the most fuel efficient tractor going. Stop by your dealer soon for a hands-on demo.

www.masseyferguson.us
WE’VE CREATED A MONSTER.

Our 7600 and 8600 Series will change your mind about Massey row crop tractors, redefining performance in terms of power and torque, but gentle giants when it comes to fuel. The reason: our Dyna-VT™ stepless, clutchless CVT and SCR emissions system. Working together, they offer best-in-class fuel economy. We know. We were the first to develop both.

WE’VE NOT ONLY redesigned the entire manufacturing process of our new Hesston® 2900 Series round balers to ensure reliability, we’ve also added an industry-exclusive 2-year warranty to back it up. All to deliver more capacity, more efficiency and fully automatic operation you can count on. The Hesston 2900 Series. See us soon or go to Hesston.com.
Our most advanced swather yet is built to do just one thing. Deliver on its promises.

**NEW WH SERIES** Swathers from Hesston® by Massey Ferguson. Developed in direct response to input from professional producers, they’re an entirely new class of high-capacity swather that’s cutting-edge, header to tail. Nothing makes fast track harvesting easier. And nothing creates a smoother swath. See your dealer soon or visit us online at hesston.com.

MORE OF EVERYTHING YOU NEED.

It’s the tractor that meets all of your most demanding tasks—and then some. The Massey Ferguson® 8700 Series delivers more horsepower and torque than ever, so it’s perfect for today’s demanding farming applications. With up to 400 boosted engine horsepower, a completely redesigned cab and a new high-capacity CYCLAIR® cooling package that’s 33% more efficient, the 8700 Series is everything you need and more. You just have to try it for yourself.
